

Description: You will not believe this cabin!! This getaway was built in 2018. It has vaulted Yellow Pine tongue and groove ceilings throughout and exposed wood beams accentuating the tall ceilings. This unique home has an open concept with a kitchen overlooking two separate living spaces. One of these rooms was designed to make a second bedroom and with one wall it could be ready to serve that purpose. The kitchen shines with stainless appliances including a gas stove, refrigerator, and hood vent. The butcher block countertops lend to the rustic cabin look as do the wood accent walls. The Master bedroom has a barn-style door and plenty of storage with its two closets. The Master bath has a walk-in tile shower. There is a second bathroom in the main house that is adorned with a beautiful claw-foot tub. There is a dedicated laundry area and a step away from here you are at the backdoor with a small landing pad and a nice bench
